

Snug Pet Resort & Animal Hospital offers a health guarantee if your pet stays with us. If your pet comes home from our facility and has any sort of medical issues within 48 hours of being home please contact us immediately. Upon speaking with you we will have you come in for discounted services as well as medications/treatments if needed. We hope you understand that much like sending your child to school there is always a potential chance for injury/sickness. If you choose not to use Snugs HEALTH GUARANTEE and see your primary veterinarian, Snug will NOT be able to reimburse you for any fees incurred by that hospital. We are one of the only Animal Resorts that offers a Health Guarantee and hope you find it reassuring that we have your pet's health and wellbeing at heart.
